

## **Membership Report**

Because of COVID, some of the jobs have been way behind. We are now caught up on the filing of all the bulletins for the past 2 years.

Changes in members information is up to date. Michael Yancy always has the latest address, etc. information, as long as the office receives it. Delores Broberg and Priscilla Shaffer have begun a project of up -to -dating our directory. This brought about a discussion of an on-line program we could purchase which was presented to Administrative Council and has been approved. With the participation of Bruce McNeel, Delores, Priscilla, Michael Yancy and me we will be proceeding with this change. Church members will hear more about what will be needed as we progress in the new program.

## **Archives Report**

Archives has not been so affected by Covid and having an absence from the building. Material to be saved has continued when possible. There continues, occasionally, to be requests from families for family baptism, marriage and death dates.
